

BLADE Table Tennis

LE.GT.PP.BL

Description

Blade Tennis Table is a product with a linear and essential design.

It is the reinterpretation of a classic game, of common use and knowledge, revolutionized and elevated to an exclusive product.

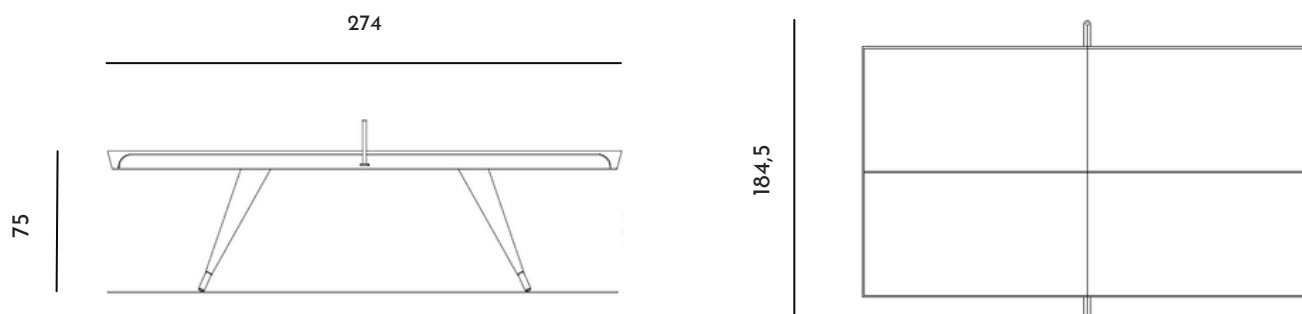

The high quality of the materials is matched with a careful study of the details. The structure of the table is entirely covered in leather except the table top, in wood veneer.

Blade Tennis Table is complete with all the game accessories: removable net, rackets and balls, easily placed inside hidden drawers.
