

ALULA

Designer Pino Vismara **Year** 2023

Description: Alula was born from the need to create the perfect environment to enjoy one's free time in the open air. Alula takes its inspiration from the enchanting Saudi city, it is an inviting and comfortable seat that allows you to translate the Home Cinema experience into an Outdoor setting. Its beauty is enhanced by a refined selection of outdoor covering, from fabrics to leathers. A decorative gros grain on the arms gives a french touch to the sofa. Being a sectional sofa, Alula can be configured in any layout, creating the best Outdoor Home Cinema composition.
